Coffee & hot beverages

Westhoff, the famous traditional coffee roaster from Bremen, only uses premium raw coffee from the brand Arabica and Robusta. Due to a slow roasting process, the coffee beans are evenly roasted inside and outside. A fine and bittersweet flavor is created. Our coffee beans are subject to the Fairtrade standard, they guarantee coffee farmers a fair wage, plus excellent organic quality. At **Hausbrandt**, tradition and experience have gone hand in hand with know-how and technological innovation for more than a hundred years. What emerges is a strongly rooted and authentic coffee culture. Thanks to the perfect combinations of single-origin coffees and the different dosages of Arabica and Robusta, the right blends are created that impress with full flavor, aroma, and a round body - all essential elements for a first-class coffee.

The precious teas of Ronnefeldt are produced in the traditional method by gentle treatment of the tea in handcraft. The tea convinces with a fine flavor and is not subject to mechanical mass production.
